Carry-On Marines Commandant Bob Long, Sgt at Arms Bill Dunn, Lewis Rice, Devell Durham and John Mott attended the 2021 DoNC MCL Fall Business Meeting and M.O.D.D. Growl in Fayetteville, NC. These weekend events are always informative while also being a time to catch up with the happenings of fellow Marines and their Detachments.

Gold Leaf Commandant James Crandall joined Bob, Bill and Bull at the Ryder Course on Fort Bragg for a round of golf prior to the evening NC Pack Growl.

The statue of IRON MIKE is in the center of a traffic circle located in front of the post headquarters and just off the 10th green of the Ryder Golf Course. It is dedicated to the soldiers of the 82nd Airborne Division and the XVIII Airborne Corps. It is a likeness of a WWII era Airborne trooper and dedicated to all paratroopers: past, present and future.
This past Friday, the 24th of September, I had the pleasure of attending the graduation of my great-nephew whose father retired as a Master Gunnery Sergeant with 30 years of service. Interestingly enough, it was the first time in my life aboard Parris Island Recruit Depot. Although I am from Ohio, I had the option of going to San Diego for recruit training and since I was going in January of 1972, it really was not much of a hard decision to make. We watched the ceremony from the stands and after the recruits were dismissed, I walked a bee line to Logan and when he saw me he snapped to attention, saluted me, then I returned his salute, hugged him and probably shed a tear or two, and told him how proud I was of him. We were then able to have a get together in the parking lot by the grinder and swapped some lies and stories. During my 27-year career I always sought to attend or participate in any type of ceremony, parade, or attending silent drill team or Blue Angel demonstrations. I always considered those events as allowing me to kind of recharge my internal batteries so to speak as a motivation to keep the fire burning to excel to be a better Marine. Marine Corps Birthday Balls were a big part of that as well. Whether being a participant in the historical ceremony, or just being in attendance was such a tremendous charge for me. The weight that we as Marines have always put on history, customs and courtesies is a huge part in what separates us from the other services. These things were always drilled into us from boot camp and beyond, and it is no small part in the forming of our basic foundation as Marines that has carried us to victories over and over again in our own history. Since our last meeting where I discussed the Marine Corps Birthday Ball being hosted by the Shawn Knisley Detachment in Fayetteville on the 6th of November, it has come to my attention that the RDU Detachment is also hosting a Marine Corps ball on the 6th of November in the Raleigh/Durham area. More info to come on that one. The tickets for the Fayetteville ball are on sale now for $40. each and there is also more info to come on that one as well. I would encourage anyone who is the least bit interested in attending either ball to attend and get those internal batteries charged again. If the Fayetteville ball is run anything like the recent membership meeting or growl, we will be in for a great time. I hope to see some of you there. As always, it is a pleasure to serve as your Commandant and I am honored to have been elected to that position.

SEMPER FI! Respectfully submitted  Commandant Robert E. Long

Carry-On Marine Leotha Forte made a trip to Baton Rouge, La to help in the recovery effort after hurricane Ida. He is a chaplain with Spiritual Care which is a division of the American Red Cross. Please visit redcross.org if you like to see how you can help with relief efforts.

In the center of the above picture with Leoth is Lt. Gen (ret) Russel L. Honore. Here is his book information.

“A brilliant, powerful book from one of the most respected retired military leaders of our time, General Russel Honore. Recognized as a national hero after spearheading the post-Hurricane Katrina search-and-rescue mission in New Orleans in 2005, Honore offers effective solutions to some of the most pressing problems of our time. These include hurricane preparedness, healthcare, and gun control, as well as the less-well-known issues of widespread infrastructure failure and the need to intervene in the infamous cradle-to-prison pipeline. His basic message: It’s time to try new ways to solve our problems. Let’s not continue to make the same mistakes with public policy and practice in our country... let’s not stay stuck on stupid!”
CONGRESSIONAL MEDAL OF HONOR

DANIEL J. DALY

Gunnery Sergeant Daniel Joseph Daly Born: Glen Cove, NY, November 11th, 1873.

Serving with the 15th Company (Mounted), 2nd Regiment, 1st Brigade, 2nd Regiment

Citation reads as follows: Second Award: Serving with the 15th Company of Marines on 22 October 1915, GSgt. Daly was one of the company to leave Fort Liberte, Haiti, for a six-day reconnaissance. After dark on the evening of 24 October, while crossing the river in a deep ravine, the detachment was suddenly fired upon from three sides by about 400 Cacos concealed in bushes about 100 yards from the fort. The marine detachment fought its way forward to a good position, which it maintained during the night, although subjected to a continuous fire from the Cacos. At daybreak the marines, in three squads, advanced in three different directions, surprising and scattering the Cacos in all directions. GSgt. Daly fought with exceptional gallantry against heavy odds throughout this action.
